

K-LOVE is safe for the whole family, and has had a positive impact on my community. I never worry about what will be said or played on K-LOVE. I believe that the service K-LOVE provides is in the best interest of the public. It is always positive and encouraging. Because of the times we live in, the public needs as much encouragement as we can get. That is what K-LOVE provides. If K-LOVE were to be displaced, no telling what would happen to the communities they service. K-LOVE has had a huge impact on my life. When I was going through one of the hardest times in my life, I happened to come across K-LOVE. I started listening and because of the programs I found hope and it got me through the hard times. If K-LOVE was not on FM I would've never found them, and no telling what I would have done. I know I'm not the only life that has been changed.
